

**VITALOLOGY**  
a tribute to Pearl Jam

From Eddie Vedder's primal yells and soothing baritone, to screaming solos and classic rock hooks, **Vitalogy** brings the full Pearl Jam concert experience to a stage near you...

With a repertoire that includes a wide range and depth of the Pearl Jam catalogue - including their breakthrough album "Ten", which can be performed in its entirety as a special performance - **Vitalogy** covers all the classic Pearl Jam singles as well as the b-sides, hidden tracks, and new material, to excite everyone from the casual listener to the most avid fan. Since 2006, **Vitalogy** has played in some of Southern California's top venues, festivals, and events, and was awarded second place at the 2009 Long Beach Battle of the Tribute Bands!

Five pro musicians who are passionate about Pearl Jam - Aaron Saffa (vocals), Eddie Lucero (guitars), Jason Jennings (guitars), Dave Miller (bass), and Ziad "Zee" Afana (drums) – that's how you get the absolute best Pearl Jam tribute – **Vitalogy**.
